SUMMARY

Proficient and passionate full-stack web developer with extensive hands-on experience in various languages and frameworks, especially in Laravel or TALL stack. Adept at designing and developing responsive, user-friendly web and applications, with a strong command of both front-end and back-end technologies. Known for a detail-oriented approach, problem-solving mindset, and commitment to writing clean, efficient code. Eager to contribute technical expertise and a drive for innovation as a web development intern, while thriving in a collaborative, growth-oriented environment.

EXPERIENCE

- Wordpress Developer**
Wisma Nabila Company Profile - Freelance ↗

11/2024 - 12/2024

 - Designed and developed a professional company profile website using WordPress, customizing themes and plugins to meet the client’s specific requirements.
 - Demonstrated strong technical skills in web development, server management, and attention to detail, delivering a fully functional and visually appealing website.
 - Deployed the website on a VPS server, ensuring optimal performance, security, and scalability.
- E-Learning Content Writer (WooCommerce & WordPress)**
International Business Management - Semarang State Polytechnic

10/2024 - 12/2024

 - Partnered with an instructor to design and develop educational modules focused on WordPress and WooCommerce.
 - Created practical learning materials, including tutorials and step-by-step guides, to enhance students' understanding of website development and e-commerce functionality.
 - Ensured content clarity and alignment with the program’s learning objectives, contributing to an effective learning experience.
- Project Lead**
SIRATA (Sistem Surat Menyurat) - Semarang State Polytechnic

03/2024 - 08/2024

 - Successfully organized and delegated tasks, ensuring timely project completion while maintaining high-quality standards.
 - Collaborated with cross-functional teams to manage all Laravel project aspects, including requirement analysis, backend development, and frontend implementation.
 - Facilitated brainstorming sessions and guided team members in resolving technical challenges, fostering a collaborative and innovative environment.

EDUCATION

- Computer Engineering Technology**
Semarang State Polytechnic - Diploma 4

2022 - 2026

 - GPA : 3.80
